

CAPABILITY STATEMENT

Award-winning cybersecurity partner for Australian and New Zealand businesses, spanning board cyber advisory, managed compliance, and 24/7 managed security operations.

STRATEGIC ADVISORY

- Cybersecurity Strategy Development
- Board and Executive Cyber Advisory
- Cyber Risk Assessments and Quantification
- Compliance Readiness (ISO 27001, ISO 42001, Essential Eight, SOCI Act, Privacy Act 1988, NZISM, NZ Privacy Act 2020)
- AI Security and Governance
- Emerging Technology Advisory
- CISO-as-a-Service
- Security Architecture Design
- Policy and Procedure Development

COMPLIANCE & GOVERNANCE

- Compliance Support for ISO 27001 (InfoSec), ISO 42001 (AI), ISO 9001 (QMS)
- Essential Eight Implementation and Management
- Privacy Act Compliance (Privacy Act 1988 Australia, NZ Privacy Act 2020)
- Managed Compliance as a Service
- Audit Preparation and Support
- Compliance Gap Assessments
- Regulatory Reporting

MANAGED SECURITY OPERATIONS

- Sovereign 24/7 Adaptive SOC (aSOC)
- Threat Detection and Response
- Security Incident Management and Response
- Vulnerability Management
- Security Event Monitoring and Analysis
- AI Red Teaming, Penetration Testing, and Guardrails
- Managed Detection and Response (MDR)
- Threat Risk Assessments

SECURITY IMPLEMENTATION

- Security Tool Implementation (Firewalls, XDR, SIEM, and more)
- Multi-Factor Authentication (MFA) Deployment
- Backup and Disaster Recovery
- Network Security Implementation
- Endpoint Protection and Management
- Cloud Security Implementation
- Web Security and Filtering
- Zero Trust Architecture

VENDOR CONSOLIDATION

- Security Stack Optimisation
- Unified Security Management
- Technology Integration Services
- Security Tool Rationalisation

TRAINING & AWARENESS

- Executive Cybersecurity Briefings
- Tabletop, Business Continuity, and Cyber Simulation Exercises
- Security Awareness Training
- Phishing Simulation and Testing
